

OTTAWA-CARLETON
DISTRICT SCHOOL BOARD

New East Urban Community Elementary School

Opening for September 2026

Grades 7 to 8 Feeding Patterns
Grade, Program Offering and Attendance Boundary Review

Options for Discussion Purposes

Working Group Meeting #1
Tuesday, December 9, 2025
6:30 to 8:30 pm

Library
Emily Carr Middle School
2681 Innes Rd, Gloucester, ON K1B 3J7

Option 1 - Status Quo Feeding Pattern

Description:

This option would leave the current feeding patterns in place.

The area previously directed to Dunning-Foubert ES will return to Dunning-Foubert ES for grade 7 and 8.

The area previously directed to Convent Glen ES/Henry Larsen ES will go to Henry Larsen ES for grade 7 and 8.

The area previously directed to Glen Ogilvie PS will go to Emily Carr MS for grade 7 and 8.

Issues & Considerations

- This option would still alleviate pressure at Dunning-Foubert ES. It would bring Dunning-Foubert ES down from 115% UF in 2026, to 98% UF in 2030. However, this option would still leave Dunning-Foubert ES operating near capacity. This option would keep all Dunning-Foubert ES students continuing to feed to Sir Wilfrid Laurier Secondary School for grade 9-12.
 - This option would reduce enrolment at Emily Carr MS from 86% UF in 2026, to 79% UF in 2030. There is still some development left in this boundary to ensure Emily Carr MS does not fall below 50% UF in the next five years.
 - This option would slightly increase enrolment at Henry Larsen ES from 56% UF in 2026, to 64% UF in 2030. This would still leave
-

Henry Larsen ES with a sizable portion of development in the Mer Bleue Expansion Area. This option would keep all Henry Larsen ES kids continuing to feed to Cairine Wilson Secondary School for grade 9-12.

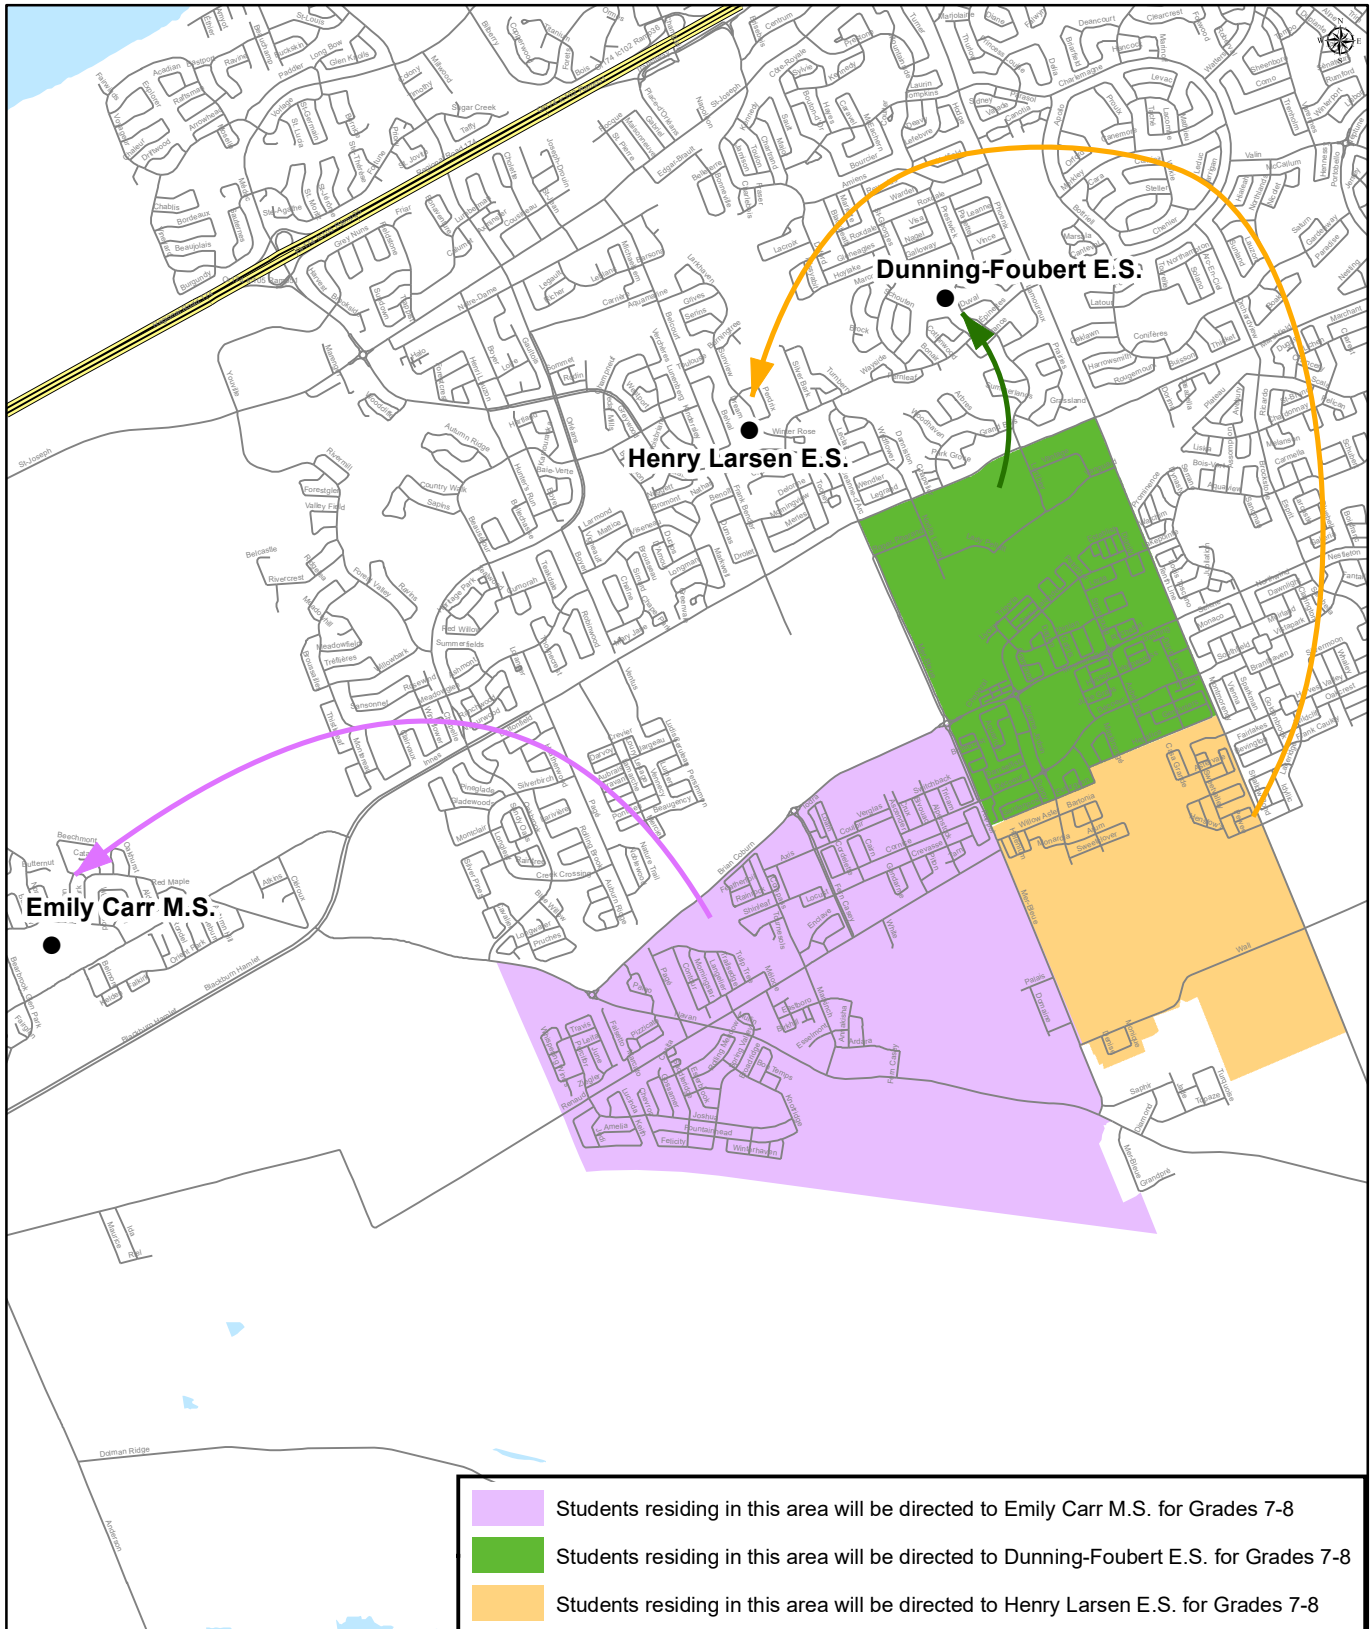

- This option would have kids be moved to East Urban Community ES from Dunning- Foubert ES or Henry Larsen ES, and be moved back after they graduate from East Urban Community ES.
-

EAST URBAN COMMUNITY ELEMENTARY SCHOOL

Proposed Feeding Pattern

Grades 7 to 8

Option 1

New East Urban Community Elementary School
Option 1 - Status Quo Feeding Pattern

Description: This option would leave the current feeding patterns in place.

Option 2- Streamlined High School Feeding Pattern

Description:

This option would direct grade 7 and 8 students to either Dunning-Foubert ES, or Henry Larsen ES, depending on their designated grade 9 secondary school.

The area previously directed to Dunning-Foubert ES will return to Dunning-Foubert ES for grade 7 and 8. After they graduate Dunning-Foubert ES, they will go to Sir Wilfrid Laurier Secondary School for grades 9-12 along with all of the Dunning-Foubert ES cohort.

The area previously directed to Convent Glen ES/Henry Larsen ES and Glen Ogilvie PS will go to Henry Larsen ES for grade 7 and 8. After they graduate Henry Larsen ES, they will go to Cairine Wilson Secondary School for grades 9-12 along with all of the Henry Larsen ES cohort.

Issues & Considerations

- This option would still alleviate pressure at Dunning-Foubert ES. It would bring Dunning-Foubert ES down from 115% UF in 2026, to 98% UF in 2030. This option would still leave Dunning-Foubert ES operating near capacity.
 - This option would reduce enrolment at Emily Carr MS from 72% UF in 2026, to 63% UF in 2030. There would be a small portion of area to be developed within this boundary. This option would not
-

resolve Emily Carr MS's feeding patterns, and it would split to either Cairine Wilson Secondary School, or Gloucester High School, depending on where the student resides.

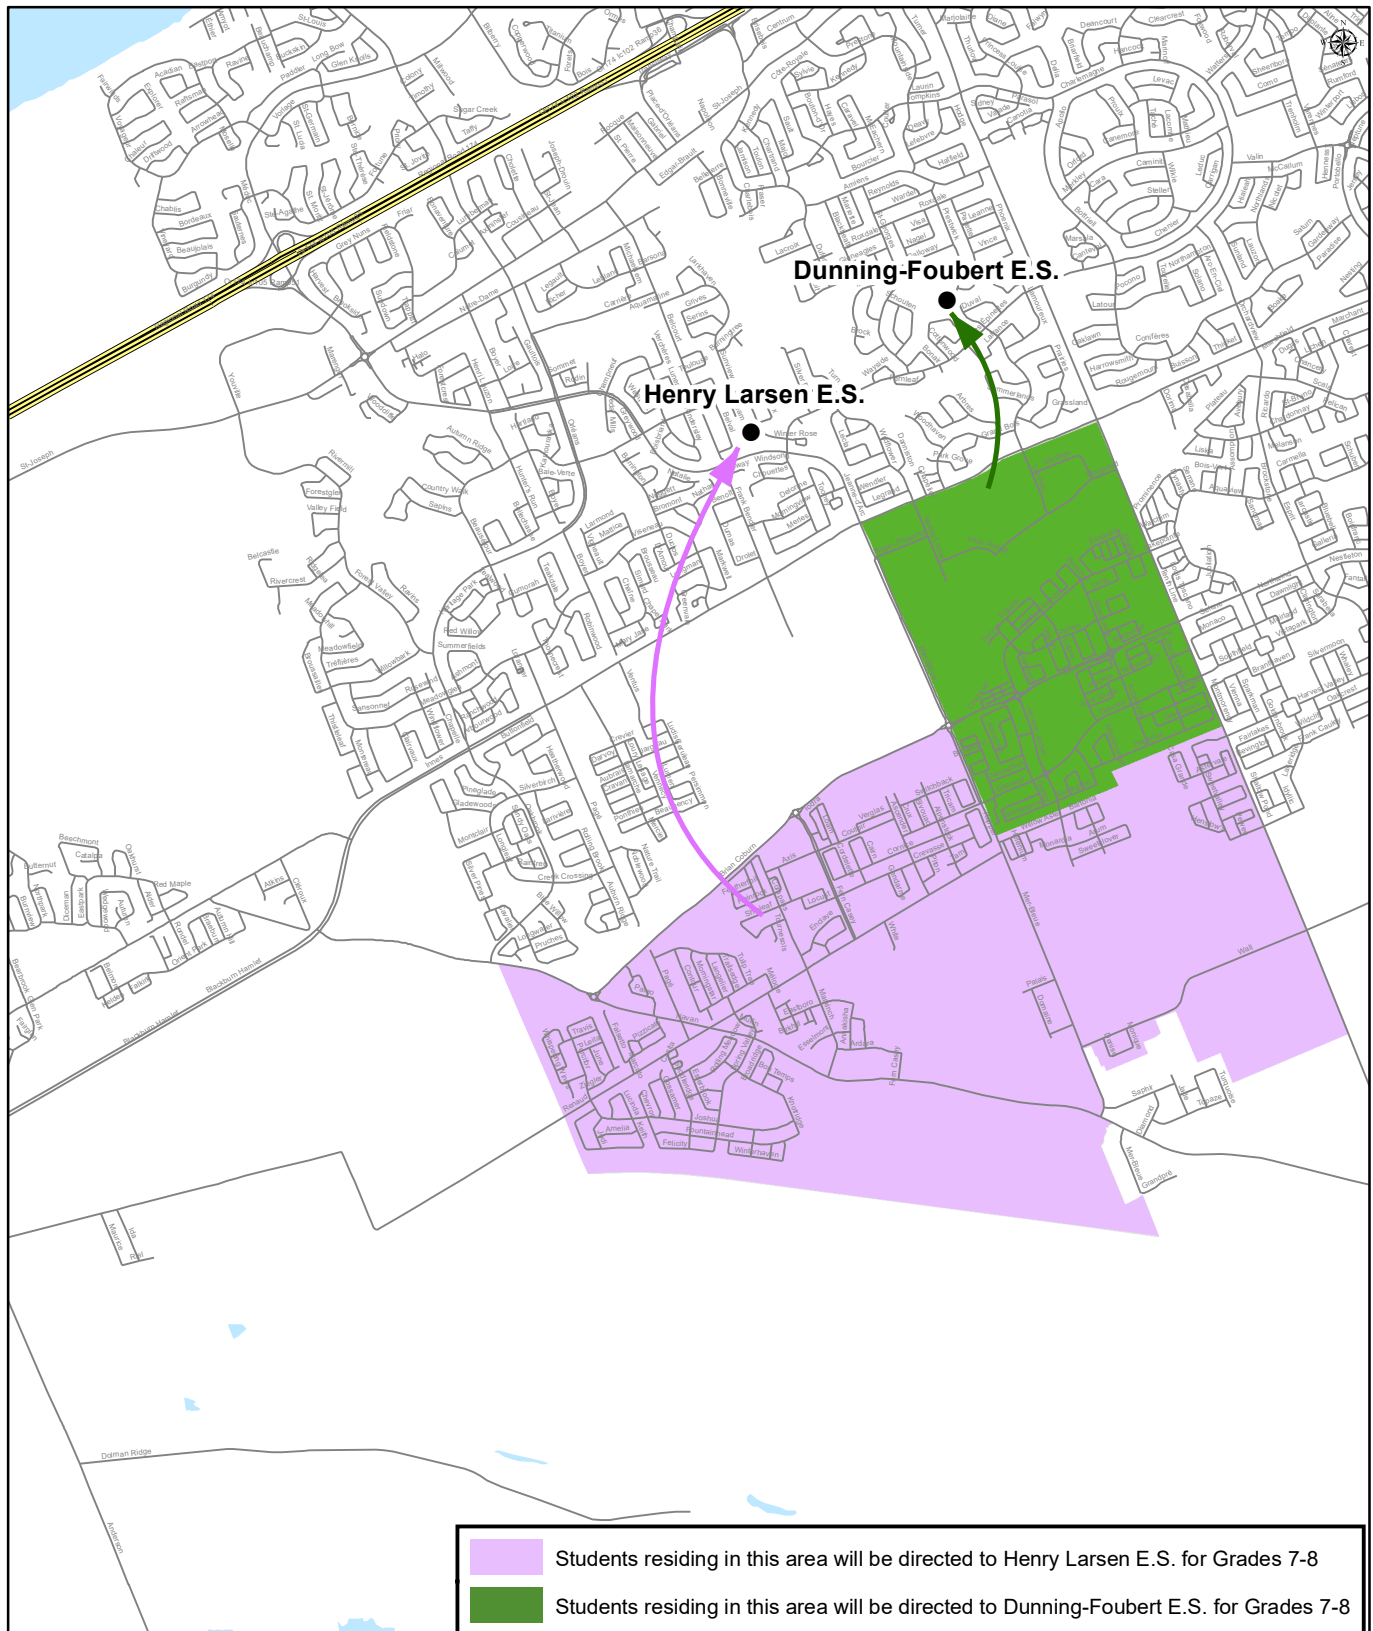

- This option would slightly increase enrolment at Henry Larsen ES from 55% UF in 2026, to 66% UF in 2030. This option would leave a large portion of development within Henry Larsen ES's boundary.
 - This option would have kids be moved to East Urban Community ES from Dunning- Foubert ES or Henry Larsen ES, and be moved back after they graduate from East Urban Community ES.
-

EAST URBAN COMMUNITY ELEMENTARY SCHOOL

Proposed Feeding Pattern

Grades 7 to 8

Option 2

New East Urban Community Elementary School
Option 2 - Streamlined High School Feeding Pattern

Description: This option would direct grade 7 and 8 students to either Dunning Foubert ES, or Henry Larsen ES, depending on their grade 9 secondary school.

Option 3 - Streamlined East Urban Community Feeding Pattern

Description:

This option would direct all grade 7 and 8 students to Emily Carr Middle School after they graduate East Urban Community Elementary School.

Issues & Considerations

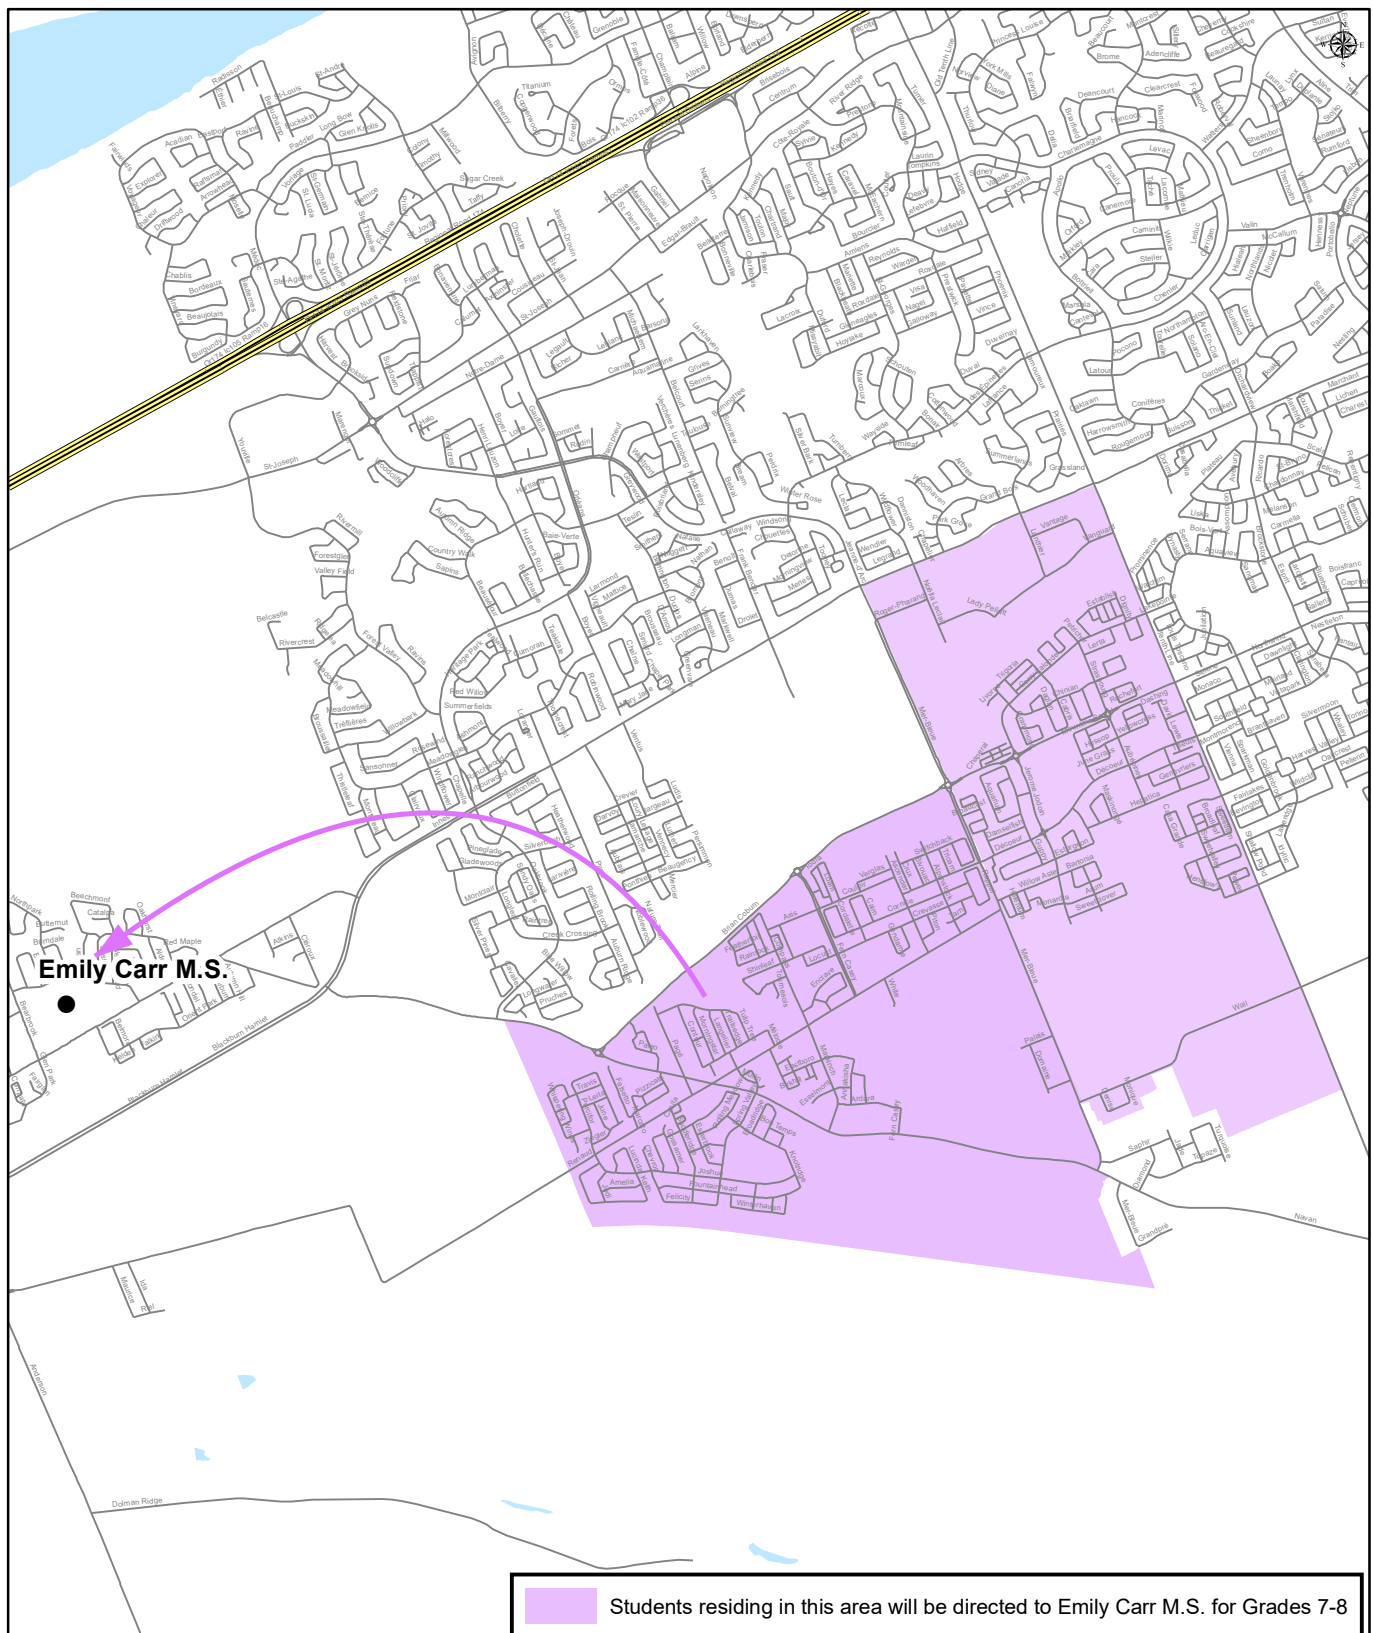

- This option would significantly alleviate pressure at Dunning-Foubert ES. It would bring Dunning-Foubert ES down from 98% UF in 2026, to 82% UF in 2030. Dunning Foubert's Grade 7 and 8 cohort size in 2030 would be around 80.
 - This option would increase enrolment at Emily Carr MS from 105% UF in 2026, but would slightly decrease to 101% UF in 2030. This option would not resolve Emily Carr MS's feeding patterns, and it would split to either Cairine Wilson Secondary School, or Gloucester High School, or Sir Wilfrid Laurier Secondary School, depending on where the student resides.
 - This option would decrease enrolment at Henry Larsen ES from 52% UF in 2026, with a slight increase to 60% UF in 2030. Although there is still some growth in the short term, this option would remove the majority of development from Henry Larsen ES's boundary.
 - This option would have all kids moved to East Urban Community ES go to a new school for grade 7. This means that there are no returns to a previous school of attendance.
-

EAST URBAN COMMUNITY ELEMENTARY SCHOOL

Proposed Feeding Pattern

Grades 7 to 8

Option 3

New East Urban Community Elementary School
Option 3 - Streamlined East Urban Community Feeding Pattern

Description: This option would direct all grade 7 and 8 students to Emily Carr Middle School after they graduate East Urban Community Elementary School.
